Dean of the Faculty of Science

The Chinese University of Hong Kong

Founded in 1963, The Chinese University of Hong Kong (http://www.cuhk.edu.hk) is a forward-looking and intellectually vigorous university with the mission to be a first-class comprehensive research university, regionally and internationally. With a team of over 3,000 full-time teaching and research staff, the University offers a broad spectrum of programmes up to the PhD level in various disciplines organized under eight Faculties (namely Arts, Business Administration, Education, Engineering, Law, Medicine, Science and Social Science). In 2016-17, the undergraduate and postgraduate enrolments in the University’s publicly-funded programmes have reached 16,600 and 3,500 respectively.

The Faculty of Science (http://www.cuhk.edu.hk/sci/) comprises the Departments of Chemistry, Mathematics, Physics, and Statistics, and the School of Life Sciences, and also offers a number of multidisciplinary and interfaculty programmes. The Faculty has about 360 full-time teaching and research staff, over 2,500 undergraduate students and more than 500 postgraduate research students.

The University now invites applications and nominations of qualified candidates for the Deanship of the Faculty. The Dean will be a member of the University senior management team, reporting to the University Council via the Vice-Chancellor/President or the Provost. As the academic and executive head of the Faculty, the Dean will provide academic leadership and discharge administrative responsibilities in respect of academic, staff, resource (budget and space) as well as student matters. He/she will also actively engage in alumni and community relations and in extending networks.

Candidates should have an excellent academic standing appropriate for appointment at the level of a full Professor in the Faculty. They should have an appreciation of the breadth of research/educational developments in the relevant fields and the range of intellectual interests represented in the Faculty, demonstrated capability of academic leadership and strategic management in higher education institutions, a long-term vision for the development of the Faculty, and excellent interpersonal and communication skills.

Salary and fringe benefits for the post will be highly competitive, commensurate with qualifications and experience.

Please send applications/nominations under confidential cover to the Search Committee for the Dean of the Faculty of Science, c/o Secretary, Search Committee for the Appointment of the Dean of the Faculty of Science, Personnel Office, The Chinese University of Hong Kong, Shatin, N.T., Hong Kong. [fax: (852) 3942 0947; e-mail: SCDeanship-Sc@cuhk.edu.hk]. All applications/nominations will be treated in strict confidence. The University’s Personal Information Collection Statement will be provided upon request. Those who have responded to the previous advertisement for the same post need not re-apply in this instance.

Consideration of applications/nominations will continue until the post is filled. The University reserves the right to fill the post by invitation.
Science Career Fair
at Harvard University

March 14, 2018
11:00 AM – 5:00 PM EST

A Day of Job Opportunities
and Career Seminars

JOB SEEKERS! Science Careers has partnered with Harvard University to produce a unique career fair open to all. Join us for a chance to meet with top scientific organizations and get important advice from career experts. The combination of valuable career development seminars, company presentations, and exciting career opportunities makes this a free “must-attend” event for scientists.

For more details and to register, visit sciencemag.org/careers/jobfair

Northwest Science Building,
Harvard Campus
B100
Cambridge, MA
SciLifeLab is a Swedish center for molecular biosciences with focus on health and environmental research. The center combines frontline technical expertise with advanced knowledge of translational medicine and molecular bioscience. SciLifeLab is a national resource hosted by Karolinska Institutet, KTH Royal Institute of Technology, Stockholm University and Uppsala University. The center also collaborates with several other universities.

SciLifeLab is now looking to recruit up to four outstanding young group leaders to further strengthen the research environment. These group leaders will be part of the SciLifeLab Fellows program.

**Up to three Positions as Assistant Professor in Molecular Life Science**

Karolinska Institutet, the selected candidates may choose suitable departments

**One Position as Associate Senior Lecturer in Cancer Immune Therapy**

Uppsala University, the selected candidate may choose a suitable department within the Domain of Medicine and Pharmacy

For more information, please visit [www.scilifelab.se/fellows](http://www.scilifelab.se/fellows)
Faculty Position in Immunology
Department of Microbiology-Immunology

The Department of Microbiology-Immunology, Northwestern University Feinberg School of Medicine, invites applications for a tenure-track position at the Assistant, Associate or Full Professor level within the broad field of immunology. ALL areas of immunology are of interest. Applicants in the fields of mucosal immunity, autoimmunity, cancer immunology, transplantation, and infectious disease are encouraged to apply.

Applicants are expected to have a Ph.D., M.D., or equivalent degree as well as postdoctoral training. The successful candidate will be expected to establish and maintain a vigorous, extramurally funded research program and to participate in our strong graduate and medical student training programs.

All applicants should have substantial peer-reviewed publications that demonstrate productivity and the ability to perform cutting edge research.

Candidates for an Assistant Professor position should have current or pending external funding, which could include an NIH K level award. Candidates at the Associate Professor or Full Professor level should have substantial research productivity, current grant support and academic service. The primary criteria for selection will be excellence and creativity in research productivity, which could include an NIH K level award. Candidates at the Associate Professor or Full Professor level should have substantial research productivity, current grant support and academic service. The primary criteria for selection will be excellence and creativity in research and scholarship. We offer a highly interactive collegial research environment with state-of-the-art research facilities. Starting date is negotiable.

Application materials will be reviewed as received, but to receive full consideration, should be received by April 15, 2018. Please send a complete CV, a one page research plan along with the name and contact information of at least three references by email to: immunologysearch@northwestern.edu.

Northwestern University is an Equal Opportunity, Affirmative Action Employer of all protected classes, including veterans and individuals with disabilities. Women, racial and ethnic minorities, individuals with disabilities, and veterans are encouraged to apply. Hiring is contingent upon eligibility to work in the United States.
The Kuwait Foundation for the Advancement of Sciences invites Universities, Scientific and Research Institutions and individuals (see items 3 and 4 below) to submit nominations of Kuwaiti and Arab scientists for the 2018 cycle of the Kuwait Prize.

The four fields for 2018 cycle of the Prize are*

<table>
<thead>
<tr>
<th>Field</th>
<th>Category</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fundamental Sciences</td>
<td>Biological Sciences (including but not limited to; Cellular &amp; Molecular Biology, Developmental Biology, Heredity and Epigenetics, Microbiology &amp; Immunology, Comparative Proteomics).</td>
</tr>
<tr>
<td>Applied Sciences</td>
<td>Clean and Sustainable Energy Technologies (including but not limited to; Renewable Sources, Hydrogen, Fuel Cells, Energy Storage Devices, Biomass and Lower Carbon-footprints Fossil Fuel).</td>

KFAS awards an annual Prize cash sum of K.D. 40,000 (Approx. $135,000) for each field.

Conditions and requirements:
1 - The nominee must be from an Arab nationality and have a proof of Arabic origin; either an Arabic birth certificate or a valid Arabic passport. A copy of the birth certificate or passport should be attached along with the submitted application.
2 - The work submitted should be innovative, significant in the announced field, and published during the past twenty years. Submitted work includes papers published or accepted for publication in refereed Journals and books with ISSN number (authored, translated, edited, and chapters in books). MA or PhD theses and any publications extracted from them shall not be evaluated as part of the nominee’s scientific work.
3 - KFAS will consider nominations from universities, academic and research institutions, scientific centers, former laureates of the prizes and peers of the nominees.
4 - KFAS will accept self-nominations. To support self-nominations, nominees should provide a list of five references: four academics/researchers and one scientific institution. KFAS will seek out support letters from three of these references. (two academics and the scientific institution).
5 - KFAS decisions concerning the prizes are final and objections are not accepted.
6 - Nominees must fill in the prize nomination form and send it along with the submitted work electronically. The nomination form is obtained from KFAS website www.kfas.org. The nomination form for Fundamental Sciences and Applied Sciences Fields should be submitted in English version.
7 - The nomination form along with the comprehensive scientific achievements completed in the past twenty years should be sent in PDF format, through the cloud storage services sites such as (Google Drive-Dropbox-OneDrive) or via Prizes email: prize@kfas.org.kw
8 - Required documents must be sent no later than end of June 2018

For more information and inquiries please, contact the Prizes Office on the following: Tel: +965-22270465 Fax: +965-22270462 or E-Mail: prize@kfas.org.kw
